MOST PEOPLE

Look upon advertisements as mere schemes to pull money out of the public.

It is the general impression that ads. are not printed to tell the exact truth—a certain amount of exaggeration, it seems, is expected, and the public has been educated in this way of thinking, we are sorry to say, by some otherwise good merchants.

Not so in this Store's ads. We print the exact facts about our Goods and our business without any exaggeration.

What we print in this space we stand back of. Every word is put here to tell you the exact truth. If at times you think we are talking too strong it's because we have good cause.

Sometimes nothing but very strong talk will represent the value of some special bargains, but you can depend upon it being just as advertised.

We have a reputation that we are proud of. A reputation for selling reliable Goods that has taken us a good while to build up. Do you think we would jeopardize it by not printing the exact truth in our ads?

As good CLOTHES, SHOES, HATS and FURNISHINGS as money and brains can buy, with prices as low as Goods can be sold.

TRUTHS ABOUT COFFEES.

HAVING trouble with your Coffee, are you? Can't find the sort to your taste? Can't get it uniformly good? Try BOLT and your Coffee trouble should cease. Once I know the kind your palate approves I can give you just that all the time.

With White Star Coffee, and right Coffee-making, you are bound to have Coffee satisfaction. The Coffees are unobtainable, pure, genuine, and sold under their right names. No substitutes allowed here. White Star Coffees are put in Cans four grades from 25c to 40c a pound. I am exclusive agent for these Coffees hereabouts.

A. A. Grade, 40c a pound, an extra fine blend of rare, rich and costly Coffees of the very highest grade, fine flavor, delicious in the cup and suits the Coffee critic. The Coffees in it are never sold by some dealers because of their cost. Those who want a No. 1 Coffee recognize its betterness at once.

No. 1 Grade, Mocha and Java, 35c a pound. Another palate pleaser. Smooth, rich, fragrant, with drinking qualities hard to surpass. "Can't be surpassed," many folks claim. Genuine Mocha and Java, and not Rio or other sorts masquerading under assumed names for profits sake.

No. 2 Grade 30c—No. 3, 25c. Both good and popular where medium priced Coffees are desired. Honest Coffees at honest prices. Blends of high-grade sorts and please most palates. Money saved if you like them.

—Last Friday morning near Columbia, William Austin, Charles Young and Charles Washington, three negro laborers at the Stewart quarry, were instantly killed by the premature explosion of forty pounds of dynamite. The explosion occurred about nine o'clock, and although the quarry is over two miles from the center of the city, the shock was distinctly felt in the buildings, and the window panes rattled from the concussion. The noise was heard for miles.

—Last Thursday morning at Clifton Mills, Spartanburg County, a 16-months-old child of Policeman Brown was burned to death. Mrs. Brown had stepped out of the house, leaving the child with her little son, who is about five years old. When she came in she was horrified to see the younger child in a blaze, which had just reached the window curtains. She tried to pull the clothes off, but, falling, she dashed a bucket of water on it. This put out the fire, but the little one was literally baked and died in a few hours. Mrs. Brown burned her hands seriously.

Ball Refused to Jim Tillman.

Columbia, S. C., Feb. 19.—Chief Justice Pope has refused the application for bail of J. H. Tillman. It was the rule of the court, he said, in such cases to make no explanation of the reasonings governing the decision. Murder was the taking of human life with malice aforethought. With the oath of office so recent upon his lips he must do his duty and decline the application without prejudice to the case of the defendant.

A multitude of affidavits covering the case with an infinity of detail was presented by the State and a large number in reply were read for the defendant. The State presented a number of affidavits from Edgefield people impeaching the testimony of the affiant, Holtzlake, and also declaring that the affiant, White, was a paralytic past 50 years old, the result of paralysis being to weaken the will power and moral nature.

The defense replied with affidavits sustaining the reputation of Holtzlake and the competency of White. The State presented an affidavit from Representative Lancaster, of Spartanburg, that he saw a pistol in Tillman's pocket on the day preceding the shooting, and another from a Columbia gunsmith that F. H. Dominick, of Newberry, previous to the shooting, brought him a magazine pistol and that he repaired it.

E. J. Watson, of the State, swore to a conversation with Tillman last summer in which the latter requested him to tell Gonzales substantially that a continuance of the newspaper attacks would be at his peril. Watson declined to convey the message.

O. D. Black, a railroad man, made affidavit that Tillman told him on a train and again in Augusta that he was going to kill Gonzales, exhibiting the magazine pistol.

Robert Lithau, Mr. Gonzales' stenographer, swore to a statement of Mr. Gonzales taken by him when he had death in view and relating the story of the shooting. Mr. Gonzales declared he had sent Tillman no message and considered the matter ended.

Several well-known citizens of Columbia who saw the shooting testified that Gonzales made no threatening motion.

In the argument the State stressed the point among many others that the language as to the white feather did not constitute a threat when coupled with the fact that at no time before had Mr. Gonzales employed any violence towards Colonel Tillman.

March is nearly here and there is no work begun. Very few Spring ads have been seen. Fruit oats are looking fine. Wheat is looking very well, but the worst of it is there is not very much sown in this section, there will be less than last year than last.

Mrs. Will. Hardin, of Lowndesville, spent two weeks with her mother, Mrs. Cann, while she was sick.

Miss Mayne Hembree and brother attended a singing at Walter Hembree's, near Columbia, Friday night.

A large crowd enjoyed themselves at a pound supper at the residence of Mr. and Mrs. J. S. Neal, given in honor of Samuel O. Campbell, last Thursday night.

Several young people enjoyed a dance at the residence of E. B. C. Snipe's on the evening of the 17th inst., given in honor of Miss Iva Tate.

Rufus Hembree has been sick the last few days. It is supposed he has a case of heart trouble, as the disease is very common.

The wind storm last week blew down a large number of trees and also blew down and unroofed some outhouses.

Mrs. Carrie McLees, we are sorry to say, is very sick with pneumonia.

Clifton Woodson, of Six Mile, Pickens County, has been visiting relatives in this section.

The school at this place is in a flourishing condition, with some thirty odd scholars. Miss Maud O'Neal is the teacher. She seems to have the children well in hand. We wish to congratulate her on her reading club she has organized in her school, which meets every other Friday afternoon.

What are the U. S. mail boxes put on the R. F. D. route unless they are there for use? Letters have been known to lay in those boxes a week or so because the mail man does not open them unless he knows they contain mail. They are not of very much use if a person mails a letter and has to stay there until the carrier comes along to tell him there is a letter in the box. Hiki.
